

ON-AIR SHOUT OUTS

Let's Make Some Noise!

Global's Make Some Noise is the official charity of Global, the media and entertainment group. Right now we're supporting those hit hardest by coronavirus in our communities. We're raising vital funds for those experiencing grief, poverty, domestic abuse, loneliness, illness, and mental health problems, as well as carers and care workers.

We've teamed up with Global's radio brands to provide a series of charity airtime packages which we are able to 'sell' in exchange for much needed donations and awareness raising. Your company will be mentioned on-air and thanked for their donation, giving you a special shout-out to our listeners, while also doing some good for communities in crisis. 100% of funds will go to Global's Make Some Noise:
